

CHAPTER 16
Building
(Rep. & recr. # 29-88)

16.14 Exits; One and Two Family Dwellings

(1) There shall be at least 2 exits accessible from each unit by means of stairways, ramps or horizontal exits.

(2) (Am. #1-13) In the case of a 2 family dwelling built before June of 1980 having one unit on the first floor and the second unit on the second floor, a 2'8" door leading to a balcony built in accordance with SPS §321.03(8), Wis. Adm. Code, may serve as the second exit instead of a second stairway. The primary exit must be an enclosed stairway to grade.
